## Product Description

### Flexible UPVC Soffit Board 25-Year Lifespan Easy Installation

#### Product Description:

UPVC Soffit Board is a special type of Unplasticized Polyvinyl Chloride (UPVC) lining board, which is widely used in exterior wall and ceiling decoration. It is widely used in residential buildings, commercial buildings, factories, etc., and has a lifespan of 25 years. It is made of UPVC material, which is anti-uv, waterproof and corrosion-resistant. It has a Class 1 fire rating, and its surface is treated with PVDF coating, which is wear-resistant and anti-fouling. It is easy to install, and it can be fixed with screws. It is an ideal choice for exterior decoration, making the wall and ceiling beautiful and durable.
