- Highlight: **Embossed PVC Vinyl Siding,
Class A PVC Vinyl Siding,
Embossed PVC Vinyl Cladding**

Product Description

Fading-Resistance PVC Vinyl Cladding Class A Wind-Resistance With B2B Buyers In Mind

Product Description:

PVC Vinyl Cladding is a durable, fade-resistant, fire-resistant (Class A) and UV-resistant polyvinyl siding panel and vinyl facade system. It is made from premium grade materials, with its surface treated with ASA, to ensure a reliable and long-lasting exterior wall cladding solution. It comes with lengths ranging from 2.44m to 5.8m, making it an ideal choice for a wide range of residential and commercial applications. It is designed to provide outstanding protection against harsh weather conditions and is also incredibly low maintenance, making it an attractive and cost-effective option. PVC Vinyl Cladding is a great choice for those looking to protect their property from the elements and enjoy a stylish, modern look for years to come.

Features:

Product Name: PVC Vinyl Siding
Surface Treatment: ASA
Impact-resistance: Class I
UV-resistance: Yes
Mildew-resistance: Yes
Fire-resistance: Class A
Polyvinyl Siding Panels
Vinyl Wall Covering
