

Eco-Friendly Fluted Wall Panels Thermal Insulation and Decorative Options

Our Product Introduction

For more products please visit us on hb-buildingmaterials.com

Basic Information

- Place of Origin: CHINA
- Brand Name: HB-DECOR
- Certification: MSDS,ISO,CE
- Model Number: WPC FLUTED PANEL
- Minimum Order Quantity: 3000SQM
- Price: USD4-10/M2
- Packaging Details: CARTON
- Delivery Time: 10days after receive deposit
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40CONTAINERS PER MONTH

Product Specification

- Length: 2.2m/2.7m/3.6m/4.2m
- Flexural Strength: 14Mpa
- Material: Wood-plastic Composite
- Thickness: 7mm
- Width: 160mm
- Fireproof: Yes
- Mildew Resistance: Yes
- Color: White/Gray/Coffee/Wood
- Application: Outdoor/Indoor
- Fade Resistance: Yes
- Fire Resistance: Yes
- Insect Resistance: Yes
- Installation: Easy

Product Description

Eco-friendly fluted wall panels are a revolutionary choice for modern construction and interior design. These panels not only contribute to a sustainable environment but also offer a range of outstanding features.

The thermal insulation property of these panels is a significant advantage. They help regulate the temperature within a space, reducing the need for excessive heating or cooling and thus saving energy and costs.

The fluted design adds a unique aesthetic touch while also enhancing the panel's structural integrity. Moreover, they come with a variety of decorative options to suit different styles and preferences. Whether you prefer a contemporary, minimalist look or a more traditional and ornate design, there are eco-friendly fluted wall panels to meet your needs.

By choosing these panels, you are making an environmentally conscious decision as they are often made from recycled materials and are recyclable at the end of their lifespan.

In summary, eco-friendly fluted wall panels combine thermal insulation, decorative appeal, and sustainability, making them an excellent choice for creating beautiful and energy-efficient spaces.

Features:

Product Name: WPC Fluted Panel

Impact Resistance: Yes

Tensile Strength: 7Mpa

Material: Wood-Plastic Composite Fluted Panel, Wood-Plastic Mixture Fluted Panel, Composite Wooden-Plastic Fluted Panel

Flexural Strength: 14Mpa

Mildew Resistance: Yes

Technical Parameters:

Property	Value
Waterproof	Yes
Color	White
Width	150mm-300mm
Flexural Strength	14Mpa
Thickness	6mm-24mm
Tensile Strength	7Mpa
Length	3000mm
Material	Wood Plastic Composite
Impact Resistance	Yes
Surface	Fluted

Applications:

HB-DECOR's WPC FLUTED PANEL is a composite wooden-plastic fluted panel made of wood-plastic compound materials. The product is manufactured in China and is characterized by its high tensile strength of 7Mpa, white color, and width of 150mm-300mm. It is ideal for interior wall cladding owing to its wood-plastic mixture that provides a unique combination of durability and beauty. This wood-plastic mixture fluted panel ensures long-lasting performance in demanding applications, and is the preferred choice for interior wall cladding.

Customization:

HB-DECOR WPC Fluted Panel is a customized product with model number WPC FLUTED PANEL, made in CHINA. It has a length of 3000mm, and features mildew resistance, flexural strength of 14Mpa, fireproof and suitable for interior wall cladding. It is a combination of PVC and wood-plastic mixture, making it a perfect PVC fluted panel for your decoration needs.
