## Product Description

This statement emphasizes a product that is shielded by PVDF. The PVDF protection guarantees an impressive ten-year period of consistent quality. It ensures the product will not lose its color intensity, will remain free from cracks, and the adhesive will remain stable. This indicates a high level of durability and reliability. It suggests that the item is specially treated to resist fading, cracking, and adhesive failure, providing long-lasting aesthetic appeal and functionality. For instance, it could apply to outdoor materials like cladding or wall panels that need to withstand the elements while maintaining their appearance and structural integrity for a decade.

### Features:

Product Name: **Outdoor PVC Wall Cladding**

Fireproof: **Yes**

Thickness: **9mm**

Mildew Resistance: **Yes**

Surface: **PVDF**

Material: **PVC**

Keywords: **PVC Wall Covering, Outdoor Wall Cladding, Vinyl Wall Cladding**

### Technical Parameters:

Parameter	Details
Moisture Resistance	Yes
UV Resistance	B1
Corrosion Resistance	Yes
Thickness	9mm
Installation	Glue, Clip, Screw
Fireproof	Yes
Length	Customized
Waterproof	Yes
Width	300mm
Material	PVC
Product Name	Outdoor PVC Wall Cladding

### Applications:

Outdoor PVC Wall Cladding – HB-DECOR

HB-DECOR offers a highly durable and aesthetically pleasing exterior wall covering solution with its Outdoor PVC Wall Cladding. This wall covering is ideal for residential and commercial applications, as it is extremely UV resistant and mildew resistant, with a fireproof PVDF coating and 9mm thickness. It is a perfect solution for those looking for an exterior wall covering to protect their property from the elements while also providing a stylish and modern look.

The Outdoor PVC Wall Cladding is ideal for applications in a variety of settings, such as homes, offices, restaurants, shops, hotels, hospitals, schools, and other commercial and public buildings. The outer layer of the cladding is highly UV resistant, making it perfect for protecting from harsh sunlight, and the inner layer of the cladding is fireproof, making it a great choice for areas at risk of fire. The PVDF coating also helps to ensure that the cladding is highly resistant to moisture and mildew, and that it is easy to clean.

For those looking for a reliable and attractive exterior wall covering that is both durable and aesthetically pleasing, HB-DECOR's Outdoor PVC Wall Cladding is the perfect solution. With its UV resistance, fireproof coating, and mildew resistance, it is the ideal choice for a variety of settings.
