Product Description

1-2mm Thickness Vinyl Coated Siding With Mildew Resistance-Vinyl Cladding

Product Description:

PVC Vinyl Siding, also known as a Vinyl Cladding System or PVC Exterior Cladding, is a popular Vinyl House Siding choice for homeowners. It is fade resistant, fire resistant (Class A), impact resistant (Class 4), and lightweight (2.5-3.0kg/sqm). It is an ideal solution for homeowners who want to give their homes a modern look and feel, without having to sacrifice performance and safety.

PVC Vinyl Siding is designed to be strong and durable, yet lightweight and easy to install. It is designed to protect homes from the elements, while also providing an attractive, low-maintenance exterior. PVC Vinyl Siding is available in a variety of colors and styles, making it easy to find the perfect option for any home.

PVC Vinyl Siding is a great way to update the look and feel of your home. With its fade and fire resistance, as well as its impact resistance, it is an ideal choice for homeowners looking for a modern, low-maintenance siding solution.
