

## Exterior Fireproof Waterproof PVC Wall Panels Lightweight

### Our Product Introduction

For more products please visit us on [hb-buildingmaterials.com](http://hb-buildingmaterials.com)

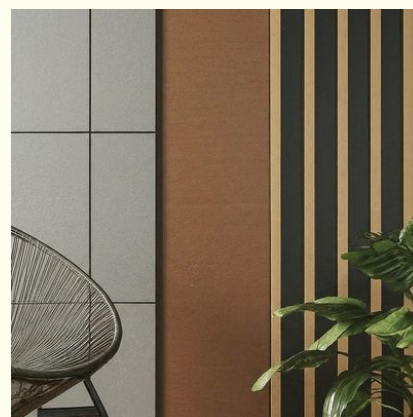

#### Basic Information

- Place of Origin: CHINA
- Brand Name: HB-DECOR
- Certification: MSDS,ISO,CE
- Model Number: Decorative PVC WALL PANELS
- Minimum Order Quantity: 3000SQM
- Price: USD4-10/M2
- Packaging Details: CARTON
- Delivery Time: 10days after receive deposit
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40CONTAINERS PER MONTH

#### Product Specification

- Color: Wooden,marble,etc.
- Feature: Exterior Wall Panels
- Usage: Exterior Pvc Wall Decoration
- Application: Exterior Decoration
- Material: PVC
- Installation: Easy To Install
- Thickness: 8-10mm
- Advantage: Lightweight ,Cost-Effective
- Highlight: **Waterproof PVC Wall Panels,**  
**Exterior PVC Wall Panels,**  
**Lightweight PVC Wall Panels**

## Product Description

### Exterior Pvc Wall Panels Fireproof Waterproof PVC Wall Panels

PVC exterior wall panels are a revolutionary building material that offers a combination of durability, aesthetics, and functionality.

#### Durability:

These panels are highly resistant to the elements. They are waterproof, ensuring that moisture from rain, snow, or humidity does not penetrate and damage the underlying structure. Additionally, they are fireproof, providing an extra layer of safety to your building. The exterior PVC wall panels can withstand harsh weather conditions including strong winds, extreme temperatures, and UV radiation without fading, warping, or deteriorating.

#### Aesthetics:

With a wide range of designs and colors available, PVC exterior wall panels can enhance the curb appeal of any building. They can mimic the look of traditional materials like wood or stone, but with the added advantage of low maintenance. The panels offer a smooth and uniform surface, giving a modern and sleek appearance.

#### Functionality:

Installation of these panels is quick and easy, reducing construction time and labor costs. They are lightweight yet sturdy, making them easy to handle and install. PVC exterior wall panels also provide excellent insulation properties, helping to reduce energy consumption by keeping the interior of the building cool in summer and warm in winter.

#### Applications:

HB-DECOR Decorative PVC WALL PANELS are designed for wall cladding and covers, providing a beautiful and waterproof solution for all kinds of walls. The wall covers are made of high quality PVC material, with 8-10mm thickness. The panels are fireproof, waterproof, soundproof, heat insulation and moisture-proof. The panels are available in a variety of flat and groove designs, making them perfect for both indoor and outdoor applications. The panels are packaged in cartons for easy transport and installation. With their superior quality, these PVC wall panels are ideal for both residential and commercial applications, providing an elegant and durable solution for wall cladding and covers.

#### Customization:

Decorative PVC Wall Panels
